Section 3: Please provide a justification for change. Please use this section to explain your reasons for changing the authorship of your manuscript. Please refer to the journal policy pages for more information about authorship. Please explain why omitted authors were not originally included on the submitted manuscript.

There has not been any change in authorship, however, there was an oversight during the filling of the submission system where the details of the 6th author were not captured but her name was part of the list of authors on the manuscript. We only noticed it through the email we received from the editor. We strongly believe it was an oversight during the submission process.

The sixth author has been a part since day one and it is quite unfortunate her details could not be entered in the system during the submission. Maybe I thought all the names and details of the authors had been entered in the system only for me to realise that it was not the case through your email that you sent. I have now updated the author list in the system.
